## Projects

**DOTSERP Developer on DotsERP**, D&D Solutions LLC. DotsErp automates business process and help companies to run the business more efficiently and to gain greater insight to their business activities. DotsErp caters Manufacturing, Trading, Service, Retail, Projects and Healthcare Industries. Main modules are ESS(Employee Self Service), Onboard, Employee Appraisal, Inventory, Time and Attendance management, CRM and Finance.,

- Front End -AngularJs
- Service - NodeJs
- Database:MSSQL 2014

**Massbaab Developer on Massbaab**, This system will help the companies to solve the problem of communicating with the customers. Normally communication to the customer over a sales enquiry or service request happen over phone and that is not tracked. When the employee shift change or if the employee is on leave, it is difficult to track the conversation. In normal CRMs, there is no way the customer interactions are tracked. With the help of the Massbaab, the customer engagements are tied to a sales enquiry or service request.,

- Front End -Asp.Net
- Service - Wcf Services and Web Services
- Database:MSSQL 2008

**ALTAS Developer on ALTAS**, Time Attendance Management System(ALTAS) is a full featured solution that allows you to have thorough attendance planning, review and control over time management of your organisation. The solution allows improvising of employee time tracking, shift scheduling and reporting.,

- Front End -AngularJs
- Service -NodeJs
- Database:MSSQL 2014

---
